

Hill End Public School

152 Years

Term 4 Week 9

8th December 2022

# The Golden Quill

## Portfolios

This week students have been busy finishing their portfolios for 2022 in readiness for next weeks presentation. Preparing their portfolios gives students a sense of pride as they place their best work samples for this term in their portfolios alongside the past three terms work. It is amazing to see the effort and growth in their work over 2022.

### FUN DAY

Next Monday 12th we are having a fun afternoon for the students at school. A BBQ lunch will be provided for them on this day. Students can wear casual clothes on this day and bring along an extra t-shirt and towel for water pistol fun!

### CHRISTMAS CRAFT

We have put our Christmas tree up in the classroom and are busy making decorations. We have been doing stained glass window pictures which look lovely!

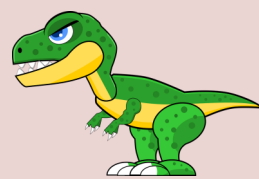

## CALENDAR

### DECEMBER

<b>FUN DAY @HEPS</b>	<b>12</b>
<b>Bathurst Excursion</b>	<b>14</b>
<b>Presentation STEMShed Opening &amp; Student's Final Day of 2022</b>	<b>16</b>

## ATTACHMENTS

### ♦ Bathurst Excursion Permission Note

to Hudson,  
he turned 8 today!

# READY SET WRITE - MY WEEKEND

On the weekend I had a sleepover with Lissy. When Mum and Dad came back they bought us a glowing reindeer. **Ethan Y1**

*"Math class is about learning, not performing"*

## MATHS

In maths this week we made some chocolate chip cookies and we are turning them in to Rudolph cookies.

We had to measure the ingredients and mix them together.

We are finishing off our studies on volume.

In our number maths our focus has been on money. The students have been busy using our play money.

On Saturday I did not do too much in the morning other than sleeping. At 10am I got up and decided to start making my board game. First I started to paint my little trees, they are super small. I made them with small sticks for the trunk and cotton balls for the leaves. I used super glue to keep them on. After that I made some lakes with hot glue on baking paper. I painted them first with blue paint then came back with white paint. It's almost done but I need to 3D print it.

On Sunday I went to the river and then went to feed the calf. **Makayla Y5**

On the weekend the rooster did not have a home.

We thought it was Kim's rooster but it was not hers.

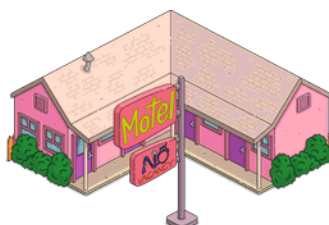

**Imogen K**

On the weekend I saw a glowing reindeer. Cara and Casey are my Mum and Dad. We are going to set it up on Monday night. It is great! **Archer Y1**

On the weekend we went to Cooma and went to Will's play. We played bottle flip with the Adams boys.

**Adalyn Little Digger**

On the weekend we went to Cooma. We stayed at a 4 star rated motel. We saw Adam, Michelle and Louise and we went to an engagement party. **Hudson Y2**

## Term Topic Material World

Last Friday with Mrs Smyth and Mrs Kimm the students made their own beeswax wraps. Each student selected a piece of fabric and then covered it with beeswax pellets. Mrs Smyth and Mrs Kimm then used the iron to melt the wax onto the fabric. Each student made a wrap for a sandwich and a smaller wrap for a snack. It was a fantastic experiment for our science topic with a solid beeswax pellet turning to a liquid when the hot iron was applied and then back to a solid when it cooled again.

3

On the weekend we had a pool party.

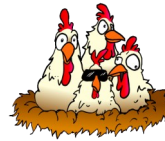

I got the sprinkler and a water gun and sprayed Beth and Imogen. Then Beth got the hose and sprayed us. I ran and jumped in the duck pond then we went inside. **Eddie Y3**

On the weekend I went to an Irish dance. There was music and I liked it. There was tap dancing in one show which was amazing. It went for ten hours. I got an autograph and some mentos. **Ellyse Y1**

On Saturday I stayed home. I played Lego with Eddie, Toby and Imogen. I went outside to cuddle chickens and I brought Bobin the black chick with me.

We both sat in the sun and I almost fell asleep.

I didn't do much on Saturday!

On Sunday we went to Kim's house to give her back her rooster. We asked her but she said it wasn't hers. She checked to see if any of her roosters were missing but they were all there. One rooster looked like Rocky. Richard, which is the roosters name doesn't have a home so we will have to keep him. When it was hot Imogen, Edmond and I played "Get wet". We had water guns, hoses and sprinklers. We jumped in the warm duck pond. It was fun! I think that playing "Get wet" was the best.

**Beth Y6**

On the weekend I saw five eagles and fourteen crows when Pop and I were pulling down a fence.

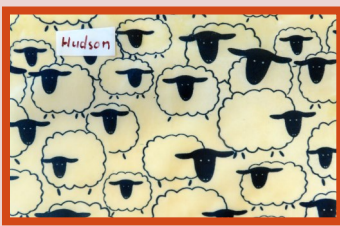

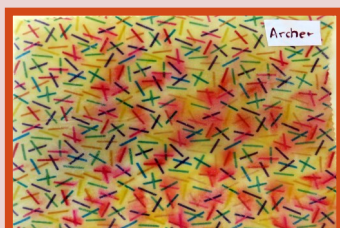

I had to sort out the screws. The eagles stayed but the crows headed north. I am going to my little brother Brock's graduation. **Hunter Y3**

# ART
