

Term 3 Week 5

Hill End Public School

152 Years

The Golden Quill **Book Week**

Next Wednesday we're celebrating Book Week with a chance for students to come to school dressed as a book themed character! No need to rush out buying costumes as there is plenty of time to simply be creative with items around the home!

It will undoubtedly be a fun day for everyone, including our Director Educational Leadership, Ms Hughes who is planning a visit to our school on the same day.

Each year since 1945 the CBCA (The Children's Book Council of Australia) has brought children and books together across Australia through CBCA Book Week. During this time schools and public libraries spend one glorious week celebrating books and Australian

children's authors and illustrators.

World Reading Adventure

Thanks again to parents continuing to support this initiative at home. We're recording some big jumps in student reading levels here at school. Remember four P's of reading at home.

Be Positive – Praise Often – Practice Daily – Have Patience

Topic Maths

This week we have been adding to our zoos. We have finished all our buildings and now we only have to select our ten animals and plan the enclosures. (let's hope our enclosures are better than the Adelaide Zoo!) Our buildings include toilets, ticket booths, food stands, a stage, zookeeper office and storage areas. The zoos are really starting to take shape with students starting to individualise their plans.

Collaboration with Glen Alice PS

A and a

On Monday afternoon we zoomed with our friends from Glen Alice PS. We had to form teams and then decide on a name for our team zoo and then start to design a logo. While logged onto Zoom they shared their screens of Canva (graphic design tool). Both schools were able to work simultaneously on their Canva document. It was amazing to see the students so engaged!

"Always believe in yourself"

PHYSICAL EDUCATION Students were able to get outside for some PE last week when

the weather!

there was a break in

The interaction with the students from Glen Alice was really incredible. It was very hard to say "time to finish" when they were all so engaged and enjoying themselves. We hope we didn't hold up the bus too much!

READY SET WRITE

I would want to be a fox so I could eat bunnies and guinea pigs. Allison K

If I could be any animal I would be a wombat because I could kill foxes to protect guinea pigs. Wombats are cute and cool. Wombats are nocturnal. Edmond Y3

I would like to be a wedged tail eagle so I could eat foxes and bunnies. I would like to fly around and see what the people are doing.

Telisha Y1

If I could be any animal I would be a cat because they climb trees and they are cute. Cats are fluffy and cats have babies. The baby cats are cute also. Ellyse Y1

2

If I could be an animal I would be a pterodactyl. A pterodactyl is a big eagle about three to four metres with a wing span of two metres.

Hudson Y2

....

If I could be any animal I would be an eagle. I would be an eagle so I could fly really fast and they are good at catching prey.

Eagles are also good at seeing too. I would fly all day and swoop down and fly above the ground. There is one type of eagle I'd love to be and it's a bald eagle because they are one of the biggest eagles. Bald eagles have a white head and a brown body. They have huge powerful wings. Eagles are so cool. I would see a good view from down below. Eagles have strong talons to catch prey. They screech very loud. Eagles have feathers so I could be warm in my nest in winter. I would feel free and happy if I was an eagle. The best thing about being an eagle would be flying. **Beth Y6**

PROFESSIONAL LEARNING

Last Thursday I attended a K-2 teacher workshop in Lithgow on understanding and responding to text. This workshop, presented by literacy expert Jann Farmer-Hailey was run for Lithgow Network teachers, of which Hill End is a part.

The day was focussed around using quality books in literacy lessons that encourage high level thinking by students. Mrs Hailey pointed out how important oral discussion is to children's development of comprehension skills. She also had some fantastic ideas for how to engage students in reading as they move from picture books into chapter books. I found it to be a very informative and engaging workshop. Mrs Rayner

TERM TOPIC Living World

have been learning about animal homes and what they provide to them. We also listened to a story about a frog and a butterfly which helped us to understand metamorphosis. The story had a very surprising twist with something nobody saw coming. If you see one of our students please make sure you ask them about this.

READY SET WRITE

If I could be any animal I would be a bull so I could kill foxes because foxes are mean and hurt animals that don't need to be hurt. Being a bull would be cool. It would feel powerful to be a bull. If I was a bull I would eat the grass. **Hunter Y3**

I want to be a kiwi because I could smell really good with my nose. I am fluffy. I love being a kiwi. Ethan Y1 I would be a macaw because the macaw is a majestic animal in the animal world. The macaw is so big and has no enemies. The macaw is a beautiful and colourful animal. It would feel good to be a macaw to get your wings in the air and have the air on your face.
