# The Golden Quill

HILL END PUBLIC SCHOOL - 154 YEARS OF EDUCATION

Welcome

Hello and welcome to a new school year.  
Hello to all our families and of course a warm welcome to all our great students.

## Swimmers are Grinners

Firstly, a special congratulations to our students for their efforts at the recent Mudgee Small School Swimming Carnival. All of our students swam their best and contributed to Hill End winning the championship school trophy! We celebrated the win with a special pizza, hot chips and ice-cream day - yum. Sincere thanks to all parents, carers and family members for coming along to the carnival and cheering our students along.

## Aiming High

This year we are continuing to aim high, supporting every child to reach their full potential. The children have already set some achievable academic goals, and we're looking forward to our first three-way discussions. Our school model is built on working together with families, helping your children reach these important targets and outcomes. We're looking ahead to celebrating student success throughout the year.

## Variety Club Visit

The date for the 4WD variety club visit to Hill End is quickly approaching. The club has made a significant donation to our school, and I know they're enthusiastic about visiting our school and village. An information note will be sent home with details on the date, time and family help on the day of the visit.

## Congratulations

Congratulations to Sage who competed in the District Zone swimming carnival in Gulgong on Wednesday. Sage placed 2nd in her heat and had a great result overall. Well Done!

Enjoy the weekend.

Mr G

Happy Birthday to  
Ethan and Archer

on the  
4th February  
and to Imogen

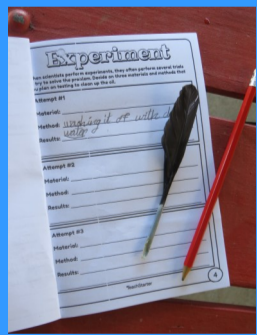

on the  
24th February

# Oil Spill

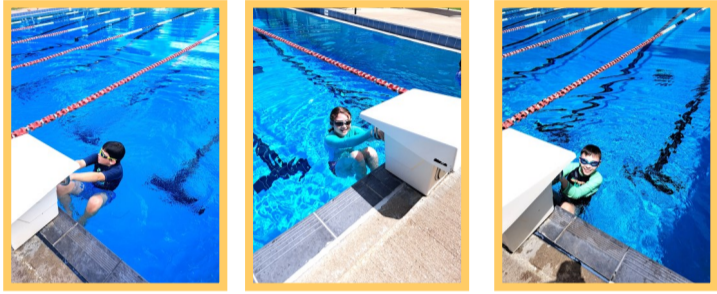

The students did an experiment with Mrs Rayner on the effects of an oil spill. They worked out the best way to clean up the oil and how to remove the oil from bird feathers.

# Swimming Champions

The Mudgee Small Schools Swimming Carnival was a great day for the students to show everyone their swimming abilities. The training and afternoons spent in the pool has been rewarded with them bringing home the MSSSC shield for 2025.

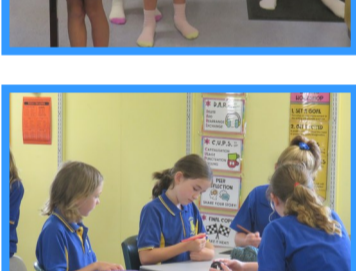

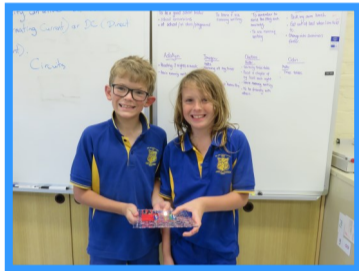

Congratulations to our students. Well Done!

# In Class

The students are enjoying learning about electricity this term. They have learnt about the different people who discovered electricity and the inventions that they have made through their discovery. They were surprised to learn how lightning forms in clouds and that it is a powerful form of electricity.

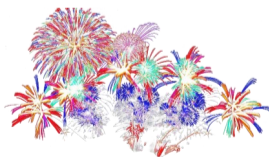

## Student Achievement
