Movie Night

Last Tuesday night saw the first of our Parents & Friends organised events at the school – a movie and pizza night for the students and families! The children all had a great time and I know the school kitchen was buzzing with work, conversation and pizza making by the adults. Thanks to everyone involved, I know the P&F have a couple of plans starting to form to make our school an even better place for the children.

Assessment Snapshot

Our recent student assessment snapshot provided us with some information concerning student growth in both English and Maths skills. We've again used this information to plan some individual support for students.

Supporting Learning at Home

There are many things parents can do to help their children succeed at school. Reading at Home – Make reading a part of every day life. Set a time for home reading, choose books that the children enjoy, make reading fun and remember Patience, Praise and Practice will help lead to success.

Maths Matters – Skip counting and times table mastery.

Start by counting in twos, fives, then tens.

While many maths skills can be assisted with calculators and phone apps, learning how to multiply is an essential life skill.

In Class Ready, Set, Write

At school we have been learning about the planet Venus. Venus is the hottest planet and it is covered in volcanos.

Telisha Y2

At school we have been learning about the Solar system.

Something interesting about Venus is that it has clouds.

Imogen Y1

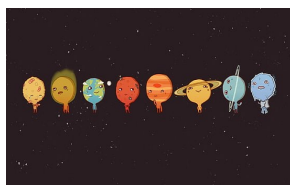

At school we have been learning different songs with Mrs Smyth.

Alex K

At school we have been making space art. We have been learning about the inner planets and the outer planets.

Archer Y2

We have been learning about space exploration at school.

We have been making straw rockets. They can be different shapes and sizes.

Hudson Y3

I have learnt the names of all the planets and I can remember them.

Adalyn K

At school we have been doing our Maths. I am interested in learning about the different planets.

Leela Y2

At school we have been learning a song about Zippo the Hippo.

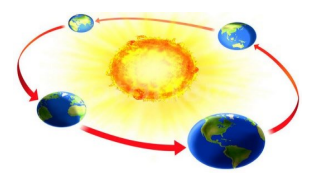

Something interesting I learnt is that Venus squishes things.

Ethan Y2

At school we have been learning that the Earth goes around the sun.

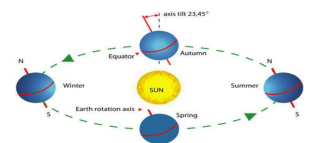

Ally Y1

In school we have been learning about the solar system and the planets. We have also learnt a song about the planets.

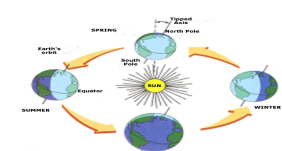

We made some straw rockets and launched them, trying to land them on the mat.

Emily Y6

We have been learning about the solar system. We learnt that there are rocky planets and gas planets.

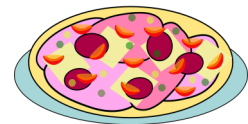

Jordan Y5

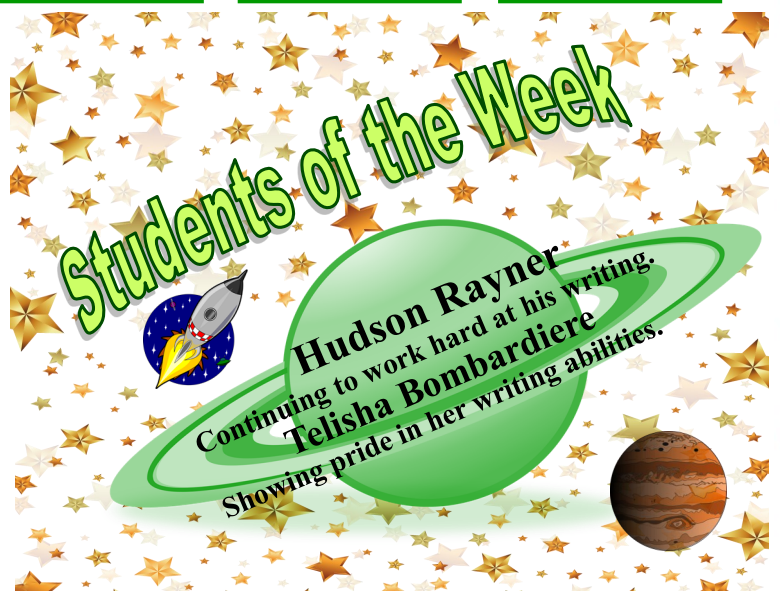

Movie & Pizza!

The students had a great Movie and Pizza night on Tuesday. Thank you to the parents who came along to help make the delicious pizzas.

Art with Mrs Smyth

HEALTH CLINIC NEWS

The Hill End Health Clinic is open Mondays, Wednesdays and Fridays 9.30am - 11.30am.

Home visits by negotiation.

The next GP Clinic with Doctor Katrina is on Wednesday 7th June 2023 9.00am - Noon.

Appointments can be made at Ochre Medical Centre by calling 6331 9444..

Don't forget your support of the Hill End Health Clinic is vital for our community.

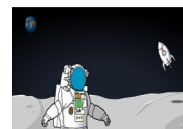

AGM 15th MAY 2023

At our recent AGM, the 2022 Committee was re-elected for 2023. Memberships remain the same as 2022 and are now due.

- \$10 Concession / Student
- \$15 Individuals
- \$25 Families (2 adults & 2 children)
- \$35 Organisations / businesses
- \$250 Patron (includes print and postage)

*These can be paid at the Hill End Art Gallery with card/cash, direct credited to HEAC account with name as reference or left at the Hill End Post Office, attention the Treasurer.
Thank you.*
